RandM Tornado^{*}

15000 PUFFS DISPOSABLE VAPE

USER MANUAL

INTRODUCTION

The RandM Tornado 15000 Puffs Disposable Vape is a high-capacity, no-maintenance vaping device designed for those seeking an extended, hassle-free vaping experience. With an impressive 15000 puffs, this device eliminates the need for frequent recharging or refilling, making it ideal for frequent vapers or those who prefer a longer-lasting option. The RandM Tornado features adjustable airflow, allowing users to customize their draw to their preference, and comes pre-filled with e-liquid in various nicotine strengths. Its compact and portable design ensures convenience on the go, while the disposable nature of the device means there's no need to worry about maintenance—simply use it until it's finished and then dispose of it. The RandM Tornado 15000 Puffs is perfect for vapers looking for a convenient, long-lasting, and satisfying experience.

FLAVOURS

The RandM Tornado 15000 Puffs Disposable Vape offers a wide variety of flavors, catering to diverse taste preferences. These flavors typically range from classic tobacco and menthol to fruity, dessert, and beverage-inspired options

How To Use

- **Unpack and Inspect:**

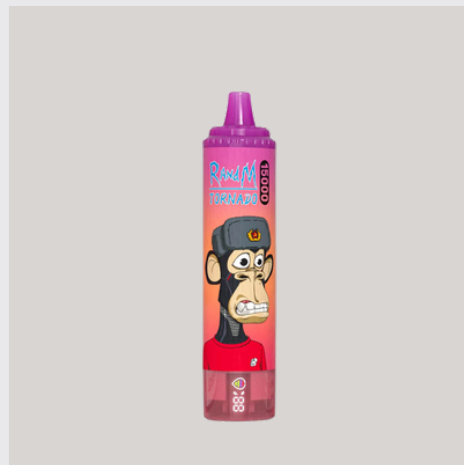

Remove the vape device from its packaging and check that it is in good condition. If there's a protective silicone cover on the mouthpiece or airflow, remove it before use.

- **Activate and Adjust:**

Simply take a puff from the mouthpiece to activate the device. The vape is draw-activated, so no buttons are needed. If the device has adjustable airflow, rotate the airflow control to set your preferred draw resistance.

- **Enjoy and Recharge:**

Start vaping by inhaling through the mouthpiece. When the battery runs low, recharge the device using the Type-C USB port. Continue using the vape until the e-liquid is depleted or the puff count is reached, then dispose of it responsibly.

RANDM TORNADO

PRODUCT SPECIFICATION

- Puff Count: 15000 puffs
- E-liquid Capacity: 18ml (pre-filled)
- Nicotine Strength: Available in 5% (50mg) nicotine by volume
- Battery Capacity: 850mAh (rechargeable via Type-C port)

- Charging Port: Type-C USB charging port
- Dimensions: Approximately 100mm x 25mm x 25mm (may vary slightly by manufacturer)
- Material: High-quality plastic and metal components for durability

SAFETY INFORMATION

- **Keep Out of Reach of Children and Pets:** This device contains nicotine, which can be harmful if ingested or used improperly. Store the vape in a secure place away from children and pets.
- **Use Only as Intended:** The RandM Tornado is designed for vaping only. Do not attempt to modify, refill, or disassemble the device, as this can lead to malfunction or injury.
- **Avoid Exposure to Extreme Temperatures:** Store the vape at room temperature. Avoid exposing it to extreme heat or cold, which can affect battery performance and e-liquid quality.
- **Recharge Safely:** Use the recommended Type-C USB charger and avoid charging the device overnight or unattended. Overcharging can damage the battery and pose a fire hazard.
- **Do Not Use If Damaged:** If the device appears damaged or is leaking e-liquid, do not use it. Dispose of it responsibly and replace it with a new one.
- **Monitor Your Nicotine Intake:** Be mindful of your nicotine consumption, especially if you're new to vaping or sensitive to nicotine. Overuse can lead to nicotine poisoning, which may cause dizziness, nausea, or other symptoms.
- **Dispose Responsibly:** Once the device is depleted, dispose of it according to local regulations for electronic waste. Do not throw it in regular trash, as it contains a battery and other components that require proper disposal.
